

Dear Grown Ups,

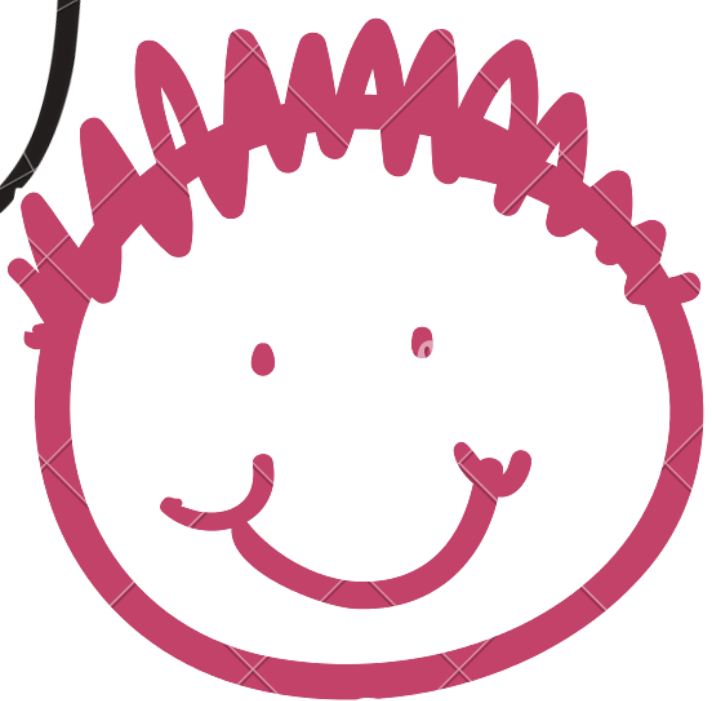

We **really** appreciate what you're doing to help us.

But we need you to listen to us too.
(The United Nations say you have to)

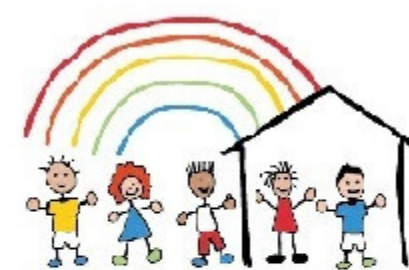

Here's some simple ways you can include us as you help our family:

1. Make us aware of our rights
2. Let me be involved in decisions
3. Give us real choices
4. Show us you value our opinion
5. If we've got concerns, please try to address them
6. **Ask us for feedback**
7. If we've got siblings, include **all** of us **(even the little ones)**

Thanks!
